

NITRYLEX CLASSIC (BLUE) GLOVE

Non-sterile

Powder free

Examination and protective glove for single use

Nitrylex® classic+ are diagnostic gloves of the highest quality. They are 70% thicker than standard nitrile gloves and textured on the entire surface. They provide an effective barrier against viruses, bacteria and fungi.

Do you find classic nitrile gloves too thin? nitrylex® classic+ solve this problem. They are significantly thicker than standard gloves, but guarantee similar tactile sensitivity.

NITRYLEX CLASSIC (BLUE) GLOVE

Nitrylex® classic+ provide classic comfort and strength

The nitrylex® classic+ gloves ensure unrestricted movement similar to that provided by classic nitrile gloves. At the same time, they provide an excellent barrier against invisible threats such as viruses, bacteria and fungi. Thicker walls mean better glove strength and less wear – even during long and complex procedures

Nitrylex® classic+ provide perfect sensitivity and extra protection.

NITRYLEX CLASSIC (BLUE) GLOVE

Technical Data Sheet

nitrylex® classic (blue)

PRODUCT DESCRIPTION

Type of the glove	Non-sterile, powder free, examination and protective glove for single use
Material	Nitrile
Donning powder	-
Colour	Blue
Shape	Ambidextrous, gloves fitting either hand
Cuff	Beaded
External surface	Microtextured + fingertip textured, polymerized
Internal surface	Polymerized + chlorinated
Packaging	10 x 100 pcs 10 x 200 pcs
