ORGANIC MASK

BREATHABLE / AIR PERMEABILITY

- Breathability and odor free with natural fiber containing fabric structure

NOSE COVERING

- The adjustable nose covering equipment hidden in the fabric (no sharp edges like clips staples)

WATER & OIL REPELLENT TECHNOLOGY

- Barrier for droplets larger than 3 microns (no use of hazardous chemicals to avoid the irritation of the skin)

ELASTIC EAR LOOPS

- Special designed, elastic and flat ear loops for providing more comfort

ANTIBACTERIAL

- The pleated design for more protection in terms of bacteria filtration and right breathability.
